Name of Student:	Roll No.:	Drawing/Class-6/EM
------------------	-----------	--------------------

Annual Assessment- March 2017 Drawing Class-6

Maximum Marks: 80 Time: 150 Minutes

laxii	mum warks. 80	Time	: 130 Milliuu
str	uctions:		
•	All questions are compu	ılsory.	
	Marks are given in from	•	
1.	_	portant points is required for free hand drawing?	1
	(a) Formation of object	(b) Shape	
	(c) Colour	(d) All of these	
2.	Rainbow has colour stripes.		1
	(a) four	(b) seven	
	(c) ten	(d) eleven	
3.	_	cene or view similar as looking is called:-	1
	(a) free hand drawing	(b) symmetrical drawing	
	(c) model drawing	(d) design	
4.	A triangle in which all a	angles are acute angles is called:-	1
	(a) right angle triangle	(b) scalene triangle	
	(c) obtuse triangle	(d) acute angle triangle	
5.	. Any figure drawn repeatedly with correct proportion and colours is called:-		1
	(a) colour scheme	(b) design	
	(c) model drawing	(d) symmetrical drawing	
6.	A geometry box contain	as:	1
	(a) scale	(b) scale and compass	
	(c) scale and setsquare	(d) all of the above	
7.	In how many ways model drawing can be done?		
	(a) One	(b) Three	
	(c) Four	(d) Five	
8.	Drawing of flower, leav	res, vegetables, tree etc. belongs to	1
	(a) model drawing	(b) design	
	(c) free hand drawing	(d) poster drawing	
9.	We get colou	r by mixing of red and yellow colours.	1
	(a) orange	(b) green	
	(c) purple	(d) black	
10	. Writing of alphabet in a	artistic manner is called	1
	(a) lettering	(b) smmetrical drawing	
	(c) Alpana	(d) free hand drawing	
	Name of Teacher:	Signature:	Page 1 of 2

	11. Mark appered on the paper due to folding from the center is called:		
	(a) point	(b) horizontal line segment	
	(c) line 12 What is the sum of three angles of a t	(d) ray	1
	12. What is the sum of three angles of a tag (a) 90°	(b) 360°	1
	(c)180°	(d) 540°	
	13. In which shape cat is drawn?	(u) 340	1
	(a) Oval	(b) Circular	1
	(c) Cubical	(d) Triangle	
	14. Which power is developed by doing	• •	1
	(a) Creative power	(b) Decision making and creative power	1
	(c) Formation power	(d) All of these	
	15. Colours are helpful in developing of	` '	1
	(a) concentration	(b) memory	1
	(c) observation	(d) all of these	
	16. Define model drawing with name of	` '	2
	17. Draw a bunch of grapes.	ns three types.	2
18. 'Importance of colours in our life'. Write a short note.		Vrite a short note	2
	19. Draw M in bold.		$\frac{1}{2}$
	20. Draw an angel of 45 degree with the	help of compass.	2
21. Define parallel lines.		2	
22. Draw an angle of 30 degree by using of setsquares.		2 2	
23. Draw a flower with leaf by free hand drawing.			2
24. Write name of primary colours.		2	
	25. Define, Poster Drawing:		2
26. What are the objectives of learning design?			2 3
27. Write three differences between triangle and quadrilateral.			3
28. Draw peacock and colour it.			3
	29. Divide a line segment AB in ½, 1/3	and $\frac{3}{4}$.	3
	30. Divide an ∠ABC into four equal par	rts by using of compass.	3
	31. Draw any two types of vegetables.		3
	32. Write letter A and colour it.		3
	33. Draw a rainbow and fill colours acco	ording to their sequence.	3
	34. Draw a chalk box.		3
	35. Draw a butterfly and colour it with b	right colours.	3
	36. Draw a triangle whose all the three line segments are equal to the given line segment		
	PQ, OR and PR.		5
	37. Draw a rectangle A B C D whose sid	les A B and B C are given.	5
	38. Draw a design and decorate it with co	olours beautifully.	5
